

The U.S. Environmental Protection Agency (EPA) is hosting a meeting to discuss the Vasquez Boulevard & Interstate 70 (VB/I-70) Superfund Site.

WHAT: VB/I-70 Superfund Site Quarterly Update

WHEN: Tuesday, March 19, 5:30-7:30 p.m.

WHERE: Focus Points Family Resource Center, 2501 East 48th Ave., Denver

WHY: To discuss what is happening at the VB/I-70 Superfund Site

EPA would like to share information about current site happenings with the public.

A major topic of discussion will be the proposed deletion of the residential properties from the VB/I-70 Superfund Site; the status of the city and county of Denver's storm drain and outfall work across a portion of the site; and the ongoing environmental investigations occurring at two former smelter facilities located within the site (roughly where the Denver Coliseum and the I-70/I-25 "Mousetrap" are today).
